## THE SHED

Some might think they've just walked into their Grandad's shed when stepping into this area. With walls of interesting memorabilia and a glowing neon sign this place is perfect for group bookings from 25 (seated) to 40. Its set back and private location makes it hugely popular so please contact us with as much notice as possible. These really are the good old days...

## THE GARDEN

Welcome to the great outdoors...our garden of haven basks in glorious sun all day round and is available to hire. Perfect for those after work drinks on Friday's or social events of the century we've got something for everyone. There's even protection for those not so sunny days.
